ONLINE & OFFLINE LEARNING

Who We Are

An English-speaking learning initiative built around practical communication.

BIMPS Institute is presented as a learning platform focused on helping learners develop practical spoken-English skills for everyday, academic and professional situations.

Positioning statement

*Learn by speaking. Improve through practice.
Communicate with confidence.*

Our focus

Practical speaking and clear communication.

Our approach

Simple explanations, guided practice and feedback.

Our format

Online and offline learning options.

Vision & Mission

A clear purpose for every lesson.

01 OUR VISION

To help learners communicate in English with greater clarity, confidence and independence.

02 OUR MISSION

To make spoken-English practice approachable through structured lessons, useful examples and opportunities to speak.

The Learner Opportunity

A practical programme designed around common communication goals.

01 Speak more naturally

Build everyday vocabulary and sentence patterns.

02 Use grammar in context

Apply core grammar through speaking activities.

03 Communicate at work

Practise introductions, interviews and workplace conversations.

04 Speak to an audience

Develop structure, delivery and presentation confidence.

Programme & Learning Areas

A modular structure that can support beginner and intermediate learners.

01 Foundations

Introductions, everyday vocabulary, sentence building and basic grammar.

02 Everyday Conversation

Questions, answers, role-plays and real-life situations.

03 Grammar for Speaking

Tenses, modals, question forms and common sentence patterns.

04 Fluency Practice

Listening, speaking prompts, storytelling and guided discussion.

05 Professional English

Interviews, workplace communication and formal introductions.

06 Public Speaking

Short talks, presentation structure and confident delivery.

How Learning Works

A repeatable lesson flow that turns concepts into communication.

01

LEARN

Understand a simple concept or useful phrase.

02

MODEL

See examples and hear how sentences are used.

03

PRACTISE

Speak through prompts, pair work or role-play.

04

FEEDBACK

Receive corrections and improve clarity.

05

REPEAT

Build fluency through regular, short practice.

The goal is active participation—not memorising rules alone.

Flexible Learning Formats

Designed to support access, practice and learner engagement.

01 ONLINE CLASSES

- Learn remotely
- Live guided speaking practice
- Digital worksheets and practice tasks

02 OFFLINE CLASSES

- Face-to-face interaction
- Group activities and role-play
- In-person speaking practice

What Makes the Approach Practical

A learner-first framework for visible practice and steady improvement.

- ✓ **Simple explanations**
Concepts explained in accessible language.

Activities designed to get learners talking.
- ✓ **Real-life context**
Practice for daily, academic and professional settings.
- ✓ **Supportive feedback**
Corrections focused on clarity and progress.
- ✓ **Structured progression**
Move from foundations to more confident communication.

A Sample Speaking Lesson

A simple example of how learners can practise with purpose.

01 TOPIC

Introducing yourself

02 LANGUAGE

“My name is...”
“I work/study at...”
“I’m interested in...”

03 ACTIVITY

1-minute introduction, partner questions and feedback.

Success indicator

The learner can introduce themselves clearly and answer a few follow-up questions.
